

UNITED STATES SENATE  
WASHINGTON, DC 20510

JOHN E. SUNUNU  
NEW HAMPSHIRE

February 19, 2008

Moose Mountains Regional Greenways  
Joyce El Kouarti, Executive Director  
P.O. Box 191  
Union, NH 03887

Dear Friends,

Please accept my best wishes as you gather for your Annual Meeting. I hope that this event is as successful as all your endeavors to date.

Although Moose Mountains Regional Greenways has been in existence for less than a decade, it boasts accomplishments that belie the youth of the organization. By working with local communities and landowners, and in collaboration with other organizations, Moose Mountains Regional Greenways has been able to preserve many of the most pristine places throughout Brookfield, Farmington, Middleton, Milton, New Durham, and Wakefield.

These efforts ensure that important natural resources will be available for the enjoyment of generations to come. Places where families may hunt, snowmobile, hike, watch wildlife, and ski offer opportunities to recreate and develop a deeper appreciation for our environment. They also provide a venue for parents to share their stewardship ethic with their children. As such, they are critically important to the development of individuals who will bear responsibility for protecting the environment in the future.

Moose Mountains Regional Greenways should be proud of the model it has provided for conservation efforts throughout the Granite State. Through education, collaboration, and tenacity, you have preserved valuable natural resources and served as a catalyst for future resource protection initiatives.

Again, please accept my best wishes for a successful event and my appreciation for all of your hard work.

Sincerely,

A handwritten signature in blue ink that reads "John E. Sununu".

John E. Sununu  
United States Senator
